### Invites You to “FINDING ANANDA”

### *FINDING ANANDA*

FINDING ANANDA is one of the productions in the highly acclaimed History of Ideas programme of Bangalore Little Theatre.

This **dramatized reading** is an attempt to introduce a contemporary audience to the significance of Vivekananda's mission. It highlights his universal spiritual perspective, and his call to action for addressing pervasive social issues in society.

The important features of the play are:

- a contemporary setting in which Swami Vivekananda looms large over the space without ever being seen himself on stage
- a focus on the relevance of his life and work for the youth of today.
